The path curves uphill to a gate with Farmcote valley coming into view.

Eventually you meet a gate, go through the gate and follow the footpath straight on through a wooded area and another gate into a field. Follow the field right hand boundary to a stile and gate. Head straight on past a barn and follow the track to a gate by the road (3).

Cross the stile and turn left along the road for 25 metres to a finger post. Turn left and cross the stile back into the same field! The road section can be avoided.

Diagonally cross the field, aiming left of the copse, over a small knoll down to a stile. Continue straight across the field to another stile. Cross the stile and continue straight on towards a house. Here you will see the Malvern Hills in the distance on your left. Cross the stile and bear right uphill towards a gate leading onto a lane. Go through the gate and turn left along the lane past St Faith's Church, Farmcote and Farmcote Herb Garden on your left. The surfaced road becomes a track descending slightly with lovely views ahead.

You will meet the Cotswold Way joining from your right via a gate. Following the Cotswold Way way markers continue straight on down the track until you reach a road (4).
