

**8.11.2016**

**Application Number: S.16/2281/FUL. Stamages House, Stamages Lane, Painswick, Stroud. Residential development of nine houses (including three affordable houses).**

The Cotswolds Conservation Board wish to make the following comments:

The above site appears to have purposively been excluded from being within the settlement boundary within the recently Adopted Local Plan. The Cotswolds Conservation Board therefore raise an objection as this development will erode the relationship between Painswick and its rural setting within the landscape, to the detriment of the character and special qualities of the Cotswolds AONB.
