KPI 1 - Measure Definition: Number of training/ development days per FTE employee				
Strategic Output: Great people, Inspiring Others				
Owner: Mandy Pressland		Reporting Frequency: Quarterly		
Measure Definition:				
Measures the training and development each Full Time Equivalent (FTE) undertakes in a given time period.				
Purpose: To monitor the time and resources invested in employee development, learning and growth processes.				
Training and development for this purpose includes classroom and online attended courses; workshops and webinars attended; training/information sessions run by colleagues.				
Baseline:		Target:		
As this is not something we have measured previously colleagues were asked to recall training they had undertaken during 2019/20 – app 1030 hours were accounted for including 600hrs for one employee's MSc Countryside Management Dissertation. 74 hrs per FTE 10 days FTE at 7.5 hours a day Excluding the exceptionally high dissertation hours this leaves an average 4.4 FTE days. This being an average across the whole team rather than a minimum. All employees received a minimum 1.5 days training during the year; Five employees received in excess of five days training and development.		A minimum of four days training per FTE employee per annum Including 1/2 day mandatory online H&S training for all employees		
Red <8 people achieve the minimum of four days training (based on FTE)	Amber 8-11 people achieve the minimum of four days training (based on FTE)	Green 12-14 people achieve the minimum of four days training (based on FTE)	Blue N/A	

Notes: Using 1 day per quarter FTE per employee for quarterly targets as a basis to gauge progress, though it is accepted that not all individuals will undertake 1 days training during each quarter, hence the min 4 days is an annual target.

KPI 2 - Measure Definition: The number of process improvements identified and assessed				
Strategic Output: Continuous Improvement leading to Effective Working				
Owner: Andy Parsons		Reporting Frequency: Quarterly		
Measure Definition:				
 The number of process improvements or new ways of working reviewed by the team This will cover the following areas: Business management Financial management People management Data management Health, safety and security 				
Baseline:		Target:		
No baseline required.		8 process improvements adopted by the Board per annum		
The Board has a number of good practice processes and ways of working already established. This KPI is about how we can continuously improve.		2 per quarter		
Red	Amber	Green	Blue	
<4	4-6	7-9	10 and over	
Notes:				

Strategic Output: Delivering for land	scapes and nature		
Owner: Mark Connelly / John Mills		Reporting Frequency: Quarterly	
Measure Definition:			
	conserved and enhanced through the C supported, delivering conservation and	Glorious Cotswold Grasslands Project. enhancement through the Cotswolds Ch	ampions Programme.
Baseline (as of 31 March 2020):		Target (for 2020/2021):	
Glorious Cotswold Grasslands: 25ha		Glorious Cotswold Grasslands: 25ha	
Cotswolds Champions: 0 projects		Cotswolds Champions: 4 projects	
Red	Amber	Green	Blue
Glorious Cotswold Grasslands: <20ha	Glorious Cotswold Grasslands: 20- 24ha	Glorious Cotswold Grasslands: 25- 30ha	Glorious Cotswold Grasslands: >30ha
Cotswolds Champions Programme: 1 or fewer projects.	Cotswolds Champions Programme: 2-3 projects	Cotswolds Champions Programme: 4-6 projects	Cotswolds Champions Programme >6 projects

If we need quarterly targets, then Glorious Cotswold Grasslands (hectares) could be: Q1=0, Q2=15, Q3=5; Q4=5. Cotswolds Champions (number of projects) could be: Q1=0; Q2=1; Q3=2; Q4=1.

KPI 4 - Measure Definition: Number of people directly engaged through our work

Strategic Output: Promoting and Broadening Access and Wellbeing Opportunities

Reporting Frequency: Quarterly Owner: Simon Smith

Measure Definition: - Number of people directly engaged through our work comprises of 3 elements taken from the equivalent NAAONB/Defra KPI.

Definition; Number of individual volunteers actively supporting the work of the Cotswolds National Landscape

Details: Count individual volunteers as 1 no matter how many days in a year they volunteered for

Definition; Number of people attending events convened/organised by Cotswolds National Landscape team

Details: The event must be something that the National Landscape team has organised/arranged themselves, rather than someone else's event where you just had a speakers slot. Double counting permitted for repeat attendee's.

Definition; Number of young people (<18yo) engaged with via school visits, events, activities etc.

Details: The event must be something that the National Landscape team has organised/arranged themselves, rather than someone else's event where you just had a speakers slot. Double counting permitted for repeat attendee's.

Baseline with a breakdown of its components: Pre C19

18/19 Actual Figures used in the Defra/NAAONB KPI report updated with any 19/20 figures available at Q4 late April 2020

Total; 1,173

Number of volunteers 386

Voluntary Wardens 368

Glorious Grasslands volunteers 18

Attendance at Events/Activities 617

Rural Skills courses 530

Glorious Grasslands events 87

Number of Young People Engaged 170

Rural Skills schools programme100

Pilot engagement programme 30

Glorious Grasslands work with young people 40

20/21 target with a breakdown of its components: (C-19 estimates currently being checked with relevant officers)

Total; 1,378 (977)

Number of volunteers; 386 (376)

Voluntary Wardens; 370

Glorious Grasslands volunteers: 15 (5)

Other volunteers: 1

Attendance at Events/Activities 862 (566)

Rural Skills courses 540 (450)

Glorious Grasslands events 250 (50)

Farming Forum 60

Other events 12 (6)

Number of Young People Engaged 130 (35)

Rural Skills Schools and young people Programme 100 (30)

Glorious Grasslands work with young people 30 (5)

Red	Amber	Green	Blue
<1,171 (<-15%)	1,171-1,308 (-15% to <-5%)	1,309 – 1,585 (-5% to +15%)	>1,585 (>+15%)
(<830)	(830 – 927)	(928 – 1,124)	(>1,124)

Notes: - All data will need to be collected anyway to comply with NAAONB/Defra KPI.

Strategic Output: Value-added partnerships that benefit the Area of Outstanding Natural Beauty				
Owner: James Webb		Reporting Frequency: Quarterly		
Measure Definition: New partnerships that benefit the Board and/ or the AONB, financially or by meeting one or both of the Boards purposes.				
Baseline:		Target:		
2 - Partnerships where the AONB Team is the project lead		8 new partnerships established per annum		
17 - Partnerships where the AONB Team is a supporting partner		2 per quarter		
NB – this doesn't include the 15 local authorities				
Red <4	Amber 4-6	Green 7-9	Blue 10 or more	
Notes: Important to acknowledge the time taken to maintain current partnerships/ relationships				

KPI 6 - Measure Definition: Usable reserves as a % of target				
Strategic Output: Financially resilie	nt and sustainable			
Owner: Ann Wyatt		Frequency: Quarterly – (inc. projected to year-end)		
Measure Definition: 1. The useable reserves target for the CCB is between £110,000 and £130,000 2. Includes the free reserves and designated funds				
Baseline: According to the draft year-end accounts the Board's total useable reserves is £71,000 as at 31 March 2020		Target: £110,000, i.e. the lower of the two values in the target range by the end of the business plan period 2020/21 - £63,700 or 58% as at 31 March 2021 2021/22 - £85,000 or 77% as at 31 March 2022 2022/23 - £110,000 or 100% as at 31 March 2023		
Red (for 2020/21) Less than 52%	Amber (for 2020/21) 52 – 57.9%	Green (for 2020/21) 58 - 70%	Blue (for 2020/21) > 70%	
<£57,200	£57,200 - £63,699	£63,700 - £77,000	>£77,000	

Notes: At Q3 the useable reserves was forecast to be £86,000 at year-end (31-03-2020). The actual figure is £71,000 – a reduction of £15,000. There are a number of small contributing factors but the main reason is that there is c£8,000 of Gateways income at risk due to an ongoing dispute with the RPA. The team are working with the RPA to resolve the issues and, if successful, the income will be shown in the accounts for 2020/21 (currently unbudgeted).

The target at year-ending 31 March 2021 is £71,000 minus £7,300 (budgeted loss for the year) = £63,700
